

# Oberweis Dairy

Restaurant Remodel  
North Aurora, IL

Sequoia General Contracting Corp. was chosen to complete the interior remodel of the Oberweis Dairy Corporate Headquarters retail store in North Aurora. This remodel consisted of: a new front counter, wood wainscoting, flooring, ceiling/soffits, kitchen equipment and a new signage package. One of the challenges of this project was to allow the store front to remain open during the renovations. Sequoia successfully met this challenge by working nights and off hours to ensure our client's total satisfaction. Oberweis was so pleased with Sequoia's dedication to customer service and satisfaction, that Sequoia was chosen to be the general contractor on several other remodeling project's.
